

# CSS Building Product Information Sheet

Version 1.1 – Issued 20/09/24

## Product

<b>Product name</b>	Ceiling Slot Swirl Diffuser
<b>Product type</b>	Swirl Diffuser
<b>Product Identifiers</b>	CSS

## Product description and intended use

- The CSS range is a series of square and round-faced ceiling slot swirl diffusers comprised of slots in a radial angled pattern designed to produce circular swirling airflow.
- Set sizes are available from nominal 295 x 295mm, 445 x 445mm or 595 x 595mm. Radial options include 500mm or 615mm diameter swirl diffusers.
- Compatible with our premi-aire or sheet metal boxes.
- The CSS can be supplied as mill or powder coat finish.

## Relevant NZBC clauses

- Clause B2 Durability: Performance B2.3.1 (c) 5 Years
- Clause H1 Energy Efficiency: Performance H1.3.6

## Contributions to compliance with NZBC

- **B2:** The lifespan of the CSS will vary based on the environment it is installed in. For a standard HVAC installation, the CSS would provide a durability of a minimum of 5 years. Excessively corrosive or harmful environments or exposure to fire, heat or water will reduce the lifespan of the CSS.
- **H1:** When installed in a commercial building as a supply diffuser the CSS must be designed to have a maximum pressure drop of 40Pa.
- **H1:** When installed in a commercial building as a return/exhaust grille the CSS must be designed to have a maximum pressure drop of 30Pa.

## Relevant standards

- N/A

## Conditions and limitations of use

- The CSS should be specified by a suitably qualified engineer.
- The CSS should be installed by a suitably qualified and trained tradesperson.

## Warnings and bans

The CSS is **not** subject to a warning or ban under section 26 of the Building Act 2004.

## Installation details and product datasheet

The CSS product datasheets and installation details can be found on our [website](#).

## Maintenance requirements

N/A
