

Eyelash Diffuser Building Product Information Sheet

Version 1.1 – Issued 20/09/24

Product

Product name	Eyelash Diffuser
Product type	Diffuser
Product Identifiers	EL

Product description and intended use

- The Eyelash Diffuser is a versatile option that can be used on both sidewall and ceiling applications.
- The Eyelash is available in a wide range of sizes and is available in throw directions from one-way to four-way.
- All diffusers are available in either a mill or powder coat finish from the factory.
- Each unit is custom fabricated to the exact width and height dimensions required.
- The Eyelash is also available as a curved diffuser for mounting on round ductwork. Refer to data on the “TLC” variant.
- Optional rear opposed blade dampers are available, and custom made to order.

Relevant NZBC clauses

- Clause B2 Durability: Performance B2.3.1 (c) 5 Years
- Clause H1 Energy Efficiency: Performance H1.3.6

Contributions to compliance with NZBC

- **B2:** The lifespan of the EL will vary based on the environment it is installed in. For a standard HVAC installation, the EL would provide a durability of a minimum of 5 years. Excessively corrosive or harmful environments or exposure to fire, heat or water will reduce the lifespan of the EL.
- **H1:** When installed in a commercial building as a supply diffuser the EL must be designed to have a maximum pressure drop of 40Pa.
- **H1:** When installed in a commercial building as an exhaust grille the EL must be designed to have a maximum pressure drop of 30Pa.

Relevant standards

- N/A

Conditions and limitations of use

- The EL should be specified by a suitably qualified engineer.
- The EL should be installed by a suitably qualified and trained tradesperson.

Warnings and bans

The EL is **not** subject to a warning or ban under section 26 of the Building Act 2004.

Installation details and product datasheet

The EL product datasheets and installation details can be found on our [website](#).

Maintenance requirements
